Architectural accents

When it comes to enhancing your kitchen's warmth, beauty and charm, it's all about the details

The kitchen takes pride of place at the heart of most homes. More than a place to cook and dine, the kitchen is a space to gather and to socialize. For this reason, care needs to be taken to ensure the design of your kitchen reflects your personal style and provides a fitting backdrop for living.

The comprehensive collection of architectural woodcarvings from Enkeboll Designs generate inspirational ways of accentuating your kitchen by adding a personal touch.

Richard Enriquez, director of marketing for Enkeboll Designs, says all carvings are crafted using the finest domestic hardwoods.

"We carefully select the clearest color and grain match, with our range including the finest quality red oak, hard maple and cherry," he says. Custom-made carvings in white oak, mahogany, black walnut

and alder woods are also available.

Using Enkeboll woodcarvings as a starting point, there are a many ways to enhance your kitchen's appeal. From plain or detailed moldings and corbels to arches and fluted columns, Enkeboll provides the elements for you to create a one-of-a-kind environment.
